

**STAUFF LINER** 

Demonstration and Presentation Vehicle

# STAUFF LINER

## Demonstration and Presentation Vehicle

The STAUFF LINER, the mobile presentation and demonstration vehicle of the STAUFF Group, comes to you or to your business partners:

- Introduction of the entire product range or selected products / product groups as defined together with you
- Machine demonstrations in live operation
  - STAUFF Form (tube end forming)
  - STAUFF Press (cutting ring assembly)
  - STAUFF SWG (stud welding)
  - and much more as per your requirements
- Theoretical and practical trainings for selected products / product groups with a certificate of participation for the attendees
- Support at trade shows and exhibitions as well as at other internal and external events (open house, customer day, company party)

We will also be pleased to support you with the planning, organisation, execution and evaluation of events with the STAUFF LINER. Simply get in touch with us.
