

STAUFF INDIA PVT. LTD.

Environment, Health & Safety Policy

We at Stauff India Pvt. Ltd; Pune committed for compliance with all applicable Environment, Health & Safety laws & protection of our employee's safety, health & the environment. In order to maintain compliance & continually improve our performance, environment health & safety initiatives & actions are based upon the following guide lines.

➤ We will continually strive to ;

- Appropriately evaluate internal & external issues & requirement of relevant interested parties, to identify, manage & control risk & opportunities associated with our operations, to attain customer satisfaction, prevention of accident & also protection to environment.
- Operating our facilities in a manner that protects our employee's health, safety & the environment
- Complying with all applicable laws & regulations at our operating location.
- Designing of our processes in a manner that minimizes risk.
- Seeking to conserve energy & water.

➤ We will meet these commitment by :

- Establishing environmental health & safety goals & regular measuring performance against those goals.
- Making operations leaders & staff responsible for environment, health & safety compliance & performance.
- By educating all employees about environment, health & safety responsibilities.
- By communicating environment, health & safety policy to all interested parties

This policy will be reviewed periodically to see its continual suitability.
