Utilize QR codes to seamlessly connect customers to your digital platforms and enable fast part ordering.

WHAT WE NEED FROM YOU.

In order to complete your design, we need the the following items:

- Either a high resolution image of your logo, or a vector file of your logo.
- Any details you would like on your artwork including images.
- If you would like any QR codes in your design, please supply the full URL for your product, or destination page. This includes <http://> or <https://>. The easiest way to do this is to copy the whole URL from the address bar.

Our in house design team will create your artwork and send this to you for approval.

Your free sample will then be printed and shipped to you.
